

## PVC Insulation Tape/Cabletie Base

CASP, AAM

### PVC insulating tape

#### General

The electrical tape produced by our company has the properties of good insulation, flame retardant, thermal stability, high dielectric strength and cold resistance, it is suitable for insulating protection of electrical parts and wires,

\* Note: other size are available depend on order

Optional color: black, red, white, yellow/green

#### Specification

Size	Main technical parameters
0.13mm × 19mm × 6yds	Glue adhesion 3.1n/cm, Tensile strength 20n/cm, Destructive extensibility 150% Adhesion(n/25nm)2.5 Breakdown voltage rate 6500V Applicable temperature range -10oC~80oC
0.13mm × 19mm × 8yds	
0.13mm × 19mm × 10yds	
0.13mm × 19mm × 20yds	
0.13mm × 19mm × 10m	
0.13mm × 19mm × 20m	
0.13mm × 19mm × 25m	
0.13mm × 19mm × 30m	
0.18mm × 19mm × 30m	
0.18mm × 19mm × 30m	
0.20mm × 19mm × 30m	
0.20mm × 19mm × 30m	

### Self adhesive tie mounts(Cabletie base)

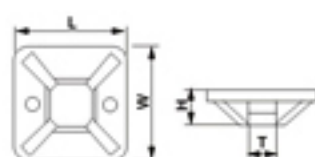

#### General

Material: Nylon 66, UL94V-2 certified, the back side with double coated foam tape usage: peel the back paper and stick on the surface. Bundle the wire with cable ties

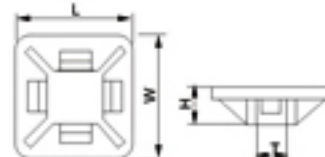

Application: For bundling wires etc, Convenient and saves time. Use on places where you cannot drill hole.

#### Specifications

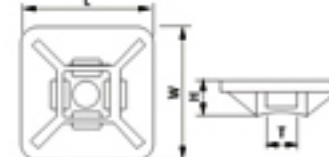

Item.No.	L × W	H(mm)	T(mm)	Screw hole(mm)	Packing
CASP-20	20 × 20	6.1	5.0	2.9	100
CASP-25	25 × 25	7.5	6.2	3.5	
CASP-25	30 × 30	8.7	6.4	4.5	
CASP-30	40 × 40	6.4	10.8	/	
AAM-1	19 × 19	4.6	4.4	/	
AAM-2	28 × 28	6.4	5.4	5.5
